

Date	what Ive done since last check in	what i plan to do next	potential roadblocks	Personal Notes/Comments	Peer review	URL to personal github branch
10/31/20	api epbfvworenfvpiwrbvpwirnvpiwrngvpiwrhfvpiwrhfpvib wprieyfvpwbrfv	functon	none	none	angel fahad	
11/2/20	piwefbvpw	sefvw	wefv			
11/2/20	Make the bare minimum of my game(only one type of bet so far	debug what I have so far so it works correctly and add some more bets	Not figuring out a good systtem to display and accept information needed	This is Angel		
11/9/20	Roughly finished the game with multiple bets	get the final bets in and layout of the UI in order	Being able to find the form of implementing the remaining bets
